Dear Mr van Iterson,

Re: Where Waters Meet

Further to your recent visit to Wodonga and our conversations regarding this exhibition I write on behalf of the Bonegilla '97 committee to establish whether it is possible for this most important exhibition to come to the festival.

CITY OF WODONGA

My understanding of the situation to date is:-

a) The exhibition would be opened by the Dutch vice minister for social affairs and employment on the afternoon of Friday 26 September, 1997 and run until Sunday 6 October, 1997.

b) The Army are seeking to provide a suitable venue for the exhibition to be housed. I am arranging for building plans with ceiling heights to be obtained and will advise you in due course.

c) The Director of the Albury Regional Museum has offered to supervise installation of the exhibition on it's arrival.

d) Together with the local Dutch community the Festival Committee will provide volunteers to man the exhibition.

e) Arrangements for transport including transit insurance from Melbourne to Bonegilla and return will be made by yourself / the Erasmus Foundation.

f) We seek your assistance in establishing a value of the exhibits and placement of the appropriate insurance cover.

The Festival is excited at the possibility of hosting this wonderful exhibition and will look forward to the visit from your vice minister. Please do not hesitate to contact me on 060 559 233 should you wish to discuss this or other matters.

Kind regards

Trish Forrest
